

DUAL FUNCTION. DUAL ATTRACTION

Vx810 DUET

EFTPOS IN THE FAST LANE

Hit the ground running with the VeriFone Vx810 Duet. The Vx810 Duet offers a complete counter top payment solution with a sleek payment interface. It's a one piece terminal with a two piece feel for fast, efficient, high volume transacting. The Vx810 Duet will future proof your business with unrivalled connectivity from Ethernet, USB ports and a Secure Digital I/O expansion port which allows easy field upgrades to Contactless Payment methods.

EFFICIENT, CONVENIENT TRANSACTIONS

- Ultra sleek PIN pad for customer and merchant functionality, perfect for all types of payment in high-traffic environments.
- Easy-to-use interface with a large, high res, 128 x 128 backlit display for efficient customer use.
- Large ergonomic keypad reducing transaction times by minimizing key entry errors.
- Intuitive ATM style interface including on screen prompts and function keys reducing merchant training time, increasing customer ease of use.
- SDIO Modular expansion port allows modular contactless (Visa Wave & MasterCard PayPass) capabilities and future proof upgrades including loyalty applications.

OUTSTANDING SECURE AND RELIABLE TRANSACTIONS

- PCI PED approval ensures compliance with the most stringent security standards.
- Runs on VeriX-based platform proven in millions of VeriFone Vx Solutions installed worldwide.
- Unrivalled connectivity from Ethernet and USB ports and Secure Digital IO for contactless module.
- Application separation at hardware and software levels minimises the need to recertify existing applications when modified.
- Supports multiple smart card solutions and added data protection for secure EMV smart card transactions.
- Proven reliability from award-winning Vx Solutions platform.

DUAL FUNCTION. DUAL ATTRACTION

Vx 810 DUET
